PROFILE

Diploma in Computer Technology (Security) student who currently seeking for an internship placement for 5 months starting from 1st of January 2025 until 19th of May 2025. Eager to apply academic knowledge in computer or network security and gain practical experience in a dynamic professional setting. And also fluent in Malay as Native Language and English as 2nd Communication Language.

I am seeking a network security internship to apply my academic knowledge and gain practical experience, with the goal of contributing to a dynamic and professional team. I believe by working with well established and successful companies able to offer a lot of career knowledge and life experience

EDUCATION

INSTITUT KEMAHIRAN MARA SIK, KEDAH

July 2022 - Present

Diploma in Computer Technology (Security)

- CGPA 3.81

MRSM KUALA KRAI, KELANTAN

2021

Sijil Pelajaran Malaysia (SPM)

- 3A 2B 2C 1D 1E

CERTIFICATIONS

Cisco Networking Academy - CCNA v7: Introduction to Networks

May 2023

Gained foundational skills in configuring switches and routers, creating IPv4/IPv6 addressing schemes, and troubleshooting network connectivity. Applied best practices in network security, OSI model understanding, and supporting both local and remote network access.

Cisco Networking Academy - CCNA v7: Switching, Routing and Wireless Essentials

June 2023

Proficiently configured and troubleshooted VLANs, inter-VLAN routing, and EtherChannel. Demonstrated expertise in network redundancy with STP and EtherChannel, implemented secure WLANs, and developed strong skills in IPv4/IPv6 routing, dynamic address allocation, and LAN attack mitigation.

PROJECT EXPERIENCE

Final Year Project : Virus Analysis

January 2024 - November 2024

Developed a website as Application Programming Interface to scan virus for administrators,

Pertandingan Inovasi Pembelajaran (Peringkat Antarabangsa) 2024 (PIP2024)

October 2024

Gold Award Winner - Project Name: BOOKEASE

- Collaborated in a team to improve Microsoft Office skills and enhance presentation abilities.

TECHNICAL SKILLS

Operating System

- Windows
- Kali Linux
- Windows Server

Programming Language

- HTML
- CSS
- Python

Networking

- VLAN Configuration
- Inter-VLAN Routing
- IPv4 and IPv6 Addressing
- Dynamic Host Configuration Protocol (DHCP)
- Ether-channel

SOFT SKILLS

Problem Solving

- Troubleshooting network issues and ensuring connectivity
- Mitigating security risks

Project Management

- Planning and executing a final year project from start and finish
- Integrating various technologies to achieve project goals

Communication

- Documenting and explaining technical process
- Collaborating on complex projects in team settings
